## A NOTE FROM AUGUSTINE PAYNE, EXECUTIVE DIRECTOR

On April 29th, we will have our largest event and fundraiser of the year. As you see from the front cover, we will have Dr. Anthony Levatino, a former abortionist coming to speak. Because Dr. Levatino is someone who used to believe that abortion should be legal as well as performed the abortions, this is a great opportunity to invite your friends or acquaintances who think abortion should be legal in some cases, or is neither “pro-choice” nor pro-life. The pro-life laws that are happening around the country are great, but to move more fully towards a society that respects the dignity of every single human life, we must be willing to reach out to those who do not agree with us.

On another note, April is Abortion Recovery Month (which you can read more about in the coming pages). We have a great opportunity coming up on Saturday, April 9th. Kathy Slinger will be coming to discuss the aftereffects of her abortion and what people typically experience when they have been involved in an abortion. These people are in our churches, our neighborhoods, and perhaps even within our family and amongst our friends. This presentation is needed because people who have been involved in abortion go through many trials and we have to be there to help them heal with love. The abortion industry is not going to do it. They are just there to make a profit by taking the lives of innocent babies (We have seen many examples of this in Live Action’s undercover videos). They hate the people who regret their abortion because they are living witnesses that abortion not only takes the baby’s life, but many times it leaves the mother and father heartbroken. We need to be there to provide hope to them. I hope you will join us.

The RSVP is to help us know how much food to order and booklets to print out. If it is after the date, please call our office. If you can just come for part of the day, please do so. To learn a little bit is better than nothing. Please still RSVP so we can print a booklet for you.

Wishing you and your families a happy and blessed Easter!

*Augustine Payne*

**Pray! Pray! Pray!** - Let us pray for a pro-life outcome in the Dobbs v Jackson Womens Health Organization in the United States Supreme Court as well as in the Planned Parenthood of the Heartland and Jill Meadows v. Kimberly K. Reynolds in the Iowa Supreme Court.

We are still looking for an Executive Assistant! If you are interested, or you know of anyone that is interested in the position, please reach out. For more details on the position, reach out to Augustine Payne.

A superior candidate will be ambitious, trustworthy, and passionate across all Pro-Life matters. This position will require the capacity to execute specific projects while balancing critical day-to-day office operations in an organized and competent manner. Specific abilities to succeed in this role are Communication, professionalism, team-oriented, and customer service skills. Prior experience with technology (Microsoft Office Programs, social media, contact database management, mail merge, etc.) is desired. Compensation will be commensurate with experience.

# PRO-LIFE COURT & LEGISLATION UPDATE

By Arthur F. Gilloon, Attorney and Board Member

Good news on the national scene. After months of debate, the Hyde Amendment passed in spite of President Biden deleting it from his original proposed federal spending Omnibus bill. The Hyde Amendment was ultimately included in the 2022 federal spending bill passed by the House of Representatives on March 9, 2022, and by the Senate on March 10th. The Omnibus bill, which cost \$1.5 trillion, also included an aid package of \$13.6 billion for Ukraine.

Fortunately, Congress held firm in requiring the Hyde Amendment. The Hyde Amendment provides that public tax dollars given to the Labor Department, Health & Human Services, and other such agencies cannot be put toward abortion. It is credited with saving millions of unborn lives since its original passage in 1976. It has been included in every federal budget bill since. All major polling shows that Americans remain opposed to taxpayer-funded abortions.

On the international front, the Helms Amendment, which prohibits U.S. foreign aid from being used for abortions around the world, was also passed.

Finally, the Weldon Amendment was also passed. This allows health care providers and insurance plans to refuse to provide abortions, pay for them, or refer women to abortion clinics. The fact that the Hyde, Helms, and the Weldon Amendments passed is very good news for the pro-life movement.

In statewide news, the MOMS bill (More Options for Maternal Support) is currently in Appropriations committee hearings at the State Capitol in Des Moines, and will hopefully pass out of the committee for consideration by the full senate soon. We will keep you informed of the votes of area senators and representatives.

Stay tuned for more court and legislative news in the months ahead, as we await the Dobbs U.S. Supreme Court decision on Roe v. Wade, and the fate of the MOMS bill in the Iowa legislature.

## Supreme Court Nominee...

As you may have heard: Supreme Court Justice Stephen Breyer will be retiring at the end of the term (June 30). President Biden has already nominated Ketanji Brown Jackson to fill the seat. By the time you read this, she will have been confirmed or denied by the Senate Judiciary Committee. If she is approved, she will have to face the whole senate for a vote.

A little bit about Judge Jackson. In 2001, Judge Jackson was a private-sector lawyer and she co-authored an amicus brief in the case of McGuire v. Reilly. The case was in regards to the constitutionality of pro-life sidewalk counselors being outside an abortion clinic on a public sidewalk offering life affirming options to mothers in crisis. Judge Jackson was in support of banning these people from the public sidewalk.

In 2017, Judge Jackson ruled against the Trump administration when they announced plans to cut \$200 million of dollars in grants to Planned Parenthood through the failed Teen Pregnancy Prevention Program. According to Life News, "HHS spokesman Mark Vafiades told the New York Times last year that there is very little evidence that the program was successful."

If Judge Jackson is approved by the Senate Judiciary Committee, you can contact your senators and let them know how you feel about the nominee.

# Scholarship Contest

We are hosting our annual Scholarship Speech Presentation day at the DCRTL office on Saturday, April 16th. If you cannot be there in person, our goal is to have a LIVESTREAM of the speeches on our Facebook page ([www.facebook.com/dcrtl](https://www.facebook.com/dcrtl)) and our Instagram page (<https://www.instagram.com/righttolifeDubuque/>).

If you cannot attend in-person, please tune in starting at 9:00am to watch the students present their speeches on the topic, **“How Abortion & Euthanasia Destroy the Respect of Disabled Individuals.”**

**Something new:** In addition this year, those in attendance in-person as well as individuals on Facebook and Instagram live, will be awarding “The People’s Award” in the amount of \$250 to the speech that receives the most votes, so be sure to tune to choose your favorite speech if you cannot be there in-person.

## Easter Egg Hunt

Easter Egg Hunt & Craft Day Saturday, April 23rd, 10-11am Green Space behind St. Columbkille Parish (1240 Rush St, Dubuque) We have a very special morning planned for you and your family, to celebrate Easter! Please join us for an Easter egg hunt, coloring, and fun in the green space behind St. Columbkille Parish! Please bring an Easter basket to collect your eggs. All ages are welcome – bring your children, grandchildren, nieces, nephews, neighbors, etc. The more the merrier! Bring the whole family for lots of fun – we can’t wait to see you there! Unfortunately, there is no rain date this year. Hopefully we will have good weather.

## MOTHER'S DAY Flower AND BOUQUET Sale

Make this Mother's Day extra special for someone you care about! On this day we remember all the sacrifices mothers have made throughout their lives to help their children grow and develop into adulthood. What better way to honor your mother than with a beautiful bouquet of roses that she will love?

Rose bouquets (12 roses) can be purchased from DCRTL for \$25. Please stop into the DCRTL office (2205 Carter Road, Dubuque) or call us (563-556-5960) by 3:30pm on Wednesday, April 20 to order a bouquet. If ordered, the bouquet pick-up will be at the DCRTL Office (2205 Carter Rd, Dubuque) May 6, 11am-4pm. Payment for the bouquet(s) will need to be made before pick-up please. Dubuque County Right to Life will have single roses available for a donation at many of the local churches over Mother's Day weekend. Thank you for your generosity! But more importantly, thank you to all of the wonderful mothers, grandmothers, and motherly figures who are a major part of our lives.

Are you in the process of filing your taxes? Have you made contributions to DCRTL?

If you answered yes to both of those questions. I want you to know that all contributions made to DCRTL are tax deductible. If you are in need of a tax form, please call our office at 563-556-5960 and request one!

# Rachel's Vineyard

A safe place to renew, rebuild  
and redeem hearts broken after abortion

*Below are a couple of testimonials from individuals who attended the Rachel's Vineyard Retreat last fall that DCRTL hosted. These are anonymous because Rachel's Vineyard does not release the names of the attendees to protect their identity. We will be hosting another retreat this Fall if you know anyone who would like to attend. As you will see below, it is an impactful weekend.*

"As I attended Rachel's Vineyard I didn't know what to expect. I had been through healing and thought I was fine. Well, I was wrong, I still had unfinished feelings that I had not dealt with. With the help of the Living Scriptures, and realizing I wasn't the only one who hadn't completely healed, I felt I could be real and open about my feelings and shame. Thank God for Rachel's Vineyard and the healing it brought me."

"As a facilitator of Rachel's Vineyard, I am always amazed how God touches each heart at our individual points of need-facilitators and attendees alike! As each of us reveals our hurts and hearts to each other, we all come away with new understanding and much release. The retreat process, with its Living Scriptures that reveals the life, mercy and grace of Christ, makes it easy for all of us to reach out to Jesus for the absolution we need along with the assurance of forgiveness and new life in Christ."

# April

...is abortion recovery month

Governor Kim Reynolds will be proclaiming April 2022 as "Abortion Recovery Month". The purpose of the Proclamation is to promote healing and recovery for individuals and families who suffer from the devastating effects of abortion, and to promote organizations in Iowa who aid in healing and recovery for those in pain. At this time, we are in the process of scheduling a formal signing with the Governor and then the official, sealed document will be beautifully displayed in our office after. Please stop in to see it!

Services that DCRTL offers that aids in this mission: Surrounded by Love Conference with Kathy Slinger to help us understand those going through post-abortive syndrome and how to help them. For those who have been involved in an abortion, we offer a support group that meets monthly as well continuing to hold a Rachel's Vineyard retreat on an annual basis.

Something we can all do regardless of circumstance, is we can pray for these men and women who are post-abortive and that they may know that there are resources out there that provide real healing.

# Surrounded By Love Conference

A light breakfast and lunch will be provided.

## HEALING OUR HEARTS (POST-ABORTION SUPPORT GROUP)

Meetings will be held at Dubuque County Right to Life, Inc (2205 Carter Road, Dubuque, Iowa). We will meet every 3rd Tuesday of the month from 6:30-7:30 p.m.

We are here to help all people who have been involved in an abortion experience. You will have a safe place to heal from a past abortion. Whether you had the abortion, drove someone to the clinic, paid for the abortion, or was the man who didn't stop the abortion, or an industry worker, we are here to help you.

### Going against what your data is suggesting?

In the book titled Abortion and Mothering: Research, Stories, and Artistic Expressions, there is a case study that was done on women who have had an abortion. The study was done by Meredith Navarro-McCullar, who assists women in obtaining abortions with anything from providing a ride to the abortion, to providing child care while the mother has an abortion. That background is given to show that this study could not have been done with any biases from a pro-lifer.

Navarro-McCullar admits that those who are “pro-choice” rarely recognize that women can be negatively impacted by an abortion. She described all the women she studied by saying, “Almost all the interviewees grappled with negative feelings... Two out of the five interviewees described how they coped with these feelings by consuming alcohol, using cannabis or prescription medications, or exercising.” From the case studies, one woman could not talk about her abortion without crying, another woman would have chosen differently if she had known about the development of the baby, while another could no longer pursue painting (what she always loved to do) without thinking of her abortion. These women are faced with regret of their decision, but repress those feelings because they do not know how to properly heal. The abortion industry does not know how to help them (probably because they never were interested in helping them in the first place), but rather as Navarro-McCullar concludes, “[T]hese women have come through more empowered and stronger than ever.”

With the evidence that Navarro-McCullar presented, can she in her right mind say these women are empowered? Two conclusions we can take from this: 1) Abortion hurts the mother. 2) The abortion industry does not have a clue on how to help them. That is why the pro-life cause must be there for these women to help them heal.

(LifeSiteNews) — Several major U.S. corporations have announced they will cover travel expenses for abortion-seeking employees who live in pro-life states, The Daily Caller reported.

Investment banking company Citigroup, based in New York, was only the most recent major company to announce it would help fund abortion-related travel costs for employees who live in states like Texas which have passed sweeping pro-life laws.

"In response to changes in reproductive healthcare laws in certain states in the U.S., beginning in 2022 we provide travel benefits to facilitate access to adequate resources," the company announced last week.

"The policy will cover expenses, such as airfare and lodging, that employees in places including Texas may incur if they're forced to travel to receive an abortion, according to a person with knowledge of the matter," Bloomberg reported. Roughly 8,500 of Citigroup's 65,000 U.S. employees

currently live in Texas, according to The New York Times.

Citigroup isn't alone in offering to pay their female employees' travel expenses to get abortions out-of-state.

Apple, Salesforce, and Texas-based online dating company Match Group, which owns Tinder, OkCupid, and Hinge, have all stated they will cover travel expenses for employees seeking abortions outside of their home state, Wired reported. Dating app competitor Bumble has also reportedly created a fund to help pay travel costs for abortion-seeking employees.

Ride-share companies Uber and Lyft, meanwhile, have promised to pay the legal fees for any of their drivers who are sued for taking a woman to an abortion facility in Texas. The Texas Heartbeat law relies on a unique enforcement mechanism that enables private citizens to sue anyone who aids a woman in obtaining an abortion, which under the law could include ride-share drivers who

transport women to get illegal abortions.

Meanwhile, the Democrat governors in both California and New York have openly invited pregnant Texas women to come to their states to get abortions.

"For women in Texas, they need to know: we will help you find a way to New York and we are right now looking intensely to find what resources we can bring to the table to help you have safe transport here and let you know there are providers who will assist you in this time of your need," New York's Democratic Gov. Kathy Hochul said in a September 15 interview with MSNBC host Lawrence O'Donnell.
